Directions to the CG at YBI: From the East Bay: On the Bay Bridge, take the Yerba Buena Island (YBI) exit on the left side on the bridge & before tunnel & continue straight on Treasure Isl Rd (note: CALTRANS has closed the underpass on the left). Follow this road around the island. Just before reaching Treasure Isl, take a right onto Macalla Rd. Follow this road all the way to the CG Sector SF. Note: at the first stop on Macalla, do not turn right up the hill following the CG sign (this leads to VTS; not Sector SF). *Expect to make a least one wrong turn & your prize at successfully following this labyrinth is the Luncheon & the Cutter tour.* We shall search the Isl for missing members.

From San Francisco (SF): Take the Treasure Island exit on the left side. Follow the directions above.
