

## CCC Navy League of US Web site NEWS

- Suggest improvements to the prototype shown here (but please look at it on the Web).
- Be mindful that personal data should not appear on a unsecured Web site
- If you want your items on our site, **please send it to me** by email or my mail if email impractical.
- What?: All flyers, newsletters, photos (some), announcements, next board meeting.
- Format of your material:
  - \* Native form, if possible, to wit, MSWord, text.
  - \* PDFs of long pubs; OK if no other form practical
  - \* Photos good, but must have a caption (what & date) either attached or on a separate form.
- Question? Do want a protected (secure) portion of our Web site?
 

WHY?

  - \* Permits some practical use for members rather than just a show-site
  - \* To wit, allows us to post our Directory securely.
  - \* Post photos and other such not available for spammers.
