Below you can see no of my problems about Fleet Week's schedule, as her is another one. More important, is the link to Fleet Week Face Book page where YOU can BUY a hamburger for a sailor or for a squad of 10. Please help support this campaign, as this money comes to ONL through Fleet Week Committee to help pay the \$30,000 +/- that is going to cost ONL to pay for the Fleet Week BBQ. Also I don't like to ask you to "pass this on", but in this case can you please pass this to all you know and to ALL of your Facebook friends. Thanks. Buy, buy, buy please.

## **Fleet Week San Francisco:**

October 6-11th

For more info, go to:

[www.fleetweek.us](http://www.fleetweek.us)

This years' Fleet Week will be bigger and better than ever. More ships, more planes, and a Senior Leadership Seminar to bring the military and civilian groups together for Humanitarian Assistance and Disaster Response (HA/DR) planning. This last part is getting national recognition and other Fleet Weeks around the country will do similar exercises next year.

Individuals can help support the sailors, marines, and coast guard personnel who will pull liberty in the San Francisco Bay area. You can buy a Sailor a Meal or you buy a SQUAD (10), by

going to the Facebook link on the Fleet Week website above and look under “Contribute Now”.

Or go to the following website:

The Oakland Navy League expects to feed over 8,000 sailors, marines, and coastees. They are in need of your support to fund this event. OBTW, after last year’s Fleet Week, the #1 best memory for those who pulled liberty in the Bay area was the BBQ. So please, even if you can’t come up to San Francisco and welcome the Fleet, you can buy them a meal.
